Andorra Mesh Cable Tray Price Inquiry

Overview

Manufacturer of ready-to-use cables (including small series), custom assembly or according to various standards of drive manufacturers. Short delivery times and 100% inspection.

Key Takeaways

Mesh cable trays in Andorra typically cost between $2 and $25 per meter, depending on material, size, and finish.

Price Range and Factors

The cost of mesh cable trays varies widely based on material and design. Wire mesh trays, which are lightweight and flexible, are generally cheaper than ladder or perforated trays, making them ideal for IT and data center installations. Typical prices per meter are: Steel wire mesh trays: $10–$30 per meterAluminum trays: $20–$50 per meterPlastic trays: $2–$15 per meter, suitable for light loads but not high-heat environments Additional factors affecting cost include surface finish (galvanized, powder-coated, or stainless steel), tray width and thickness, and whether the order is bulk or custom.

Bulk orders often reduce the per-meter price, while custom sizes or coatings increase it.

Local Suppliers

In Andorra, suppliers such as EASYCONNECT, Cables TS, and Realcable provide mesh cable trays and related systems. These suppliers cater to both industrial and commercial projects, and prices may vary depending on shipping, import duties, and local demand.

Cost-

Saving Tips

Buy in bulk: Larger orders reduce per-meter costs. Select appropriate material: For lightweight cabling, wire mesh trays are cost-effective. Compare suppliers: Local and regional suppliers may offer competitive pricing.

Consider coatings: Pre-galvanized trays are cheaper than HDG or powder-coated options, though less durable outdoors. Overall, for a standard wire mesh cable tray in Andorra, you can expect to pay around $10–$25 per meter, with lower prices possible for bulk or plastic options and higher prices for aluminum or stainless steel trays with specialized coatings.
