Cable Tray TypeMaterialTypical UseApproximate Price Range (AUD/m)NotesLadder TrayPre-galvanised steel, hot-dip galvanised steel, aluminiumHeavy-duty industrial and outdoor installations150 – 500Open rung design allows maximum airflow and easy cable access; ideal for long spans and high load applications Perforated TraySteel or aluminiumLight to medium cable loads50 – 200Lightweight, allows airflow to prevent overheating; suitable for commercial or light industrial projects Solid-Bottom TraySteel or aluminiumConcealed or aesthetic installations100 – 300Provides full protection for cables; used where appearance or dust protection is important Wire Mesh / Basket TrayGalvanised steelData, communication, and power cables80 – 250Open mesh design for ventilation and easy cable entry/exit; commonly used in IT and commercial buildings T3 Industrial TrayHot-dip galvanised steelIndustrial/commercial cable runs200 – 400Standard for industrial projects; supports higher cable loads and fire-rated systems T5 Heavy-Duty TrayHot-dip galvanised steelMaximum load applications300 – 500Deep tray for maximum cable laying depth; suitable for high-density industrial installations Key ConsiderationsMaterial Selection: Steel trays are strong and durable, aluminium trays are lightweight and corrosion-resistant, and stainless steel is ideal for highly corrosive environments.

Load Capacity: Ladder trays support heavier cables, while perforated and wire mesh trays are better for lighter loads. Installation: Cable trays are generally easy to install, with options for pre-galvanised or hot-dip galvanised finishes to meet Australian Standards. Supplier Options: Major Australian suppliers include CNW Electrical, RS Components, AGM Electrical, EzyStrut, and Ozstrut, offering competitive pricing and customization for large projects.

This table provides a general guide for budgeting and planning cable tray installations in Australia. For exact pricing, it is recommended to request quotes from suppliers based on specific dimensions, material, and project requirements.
