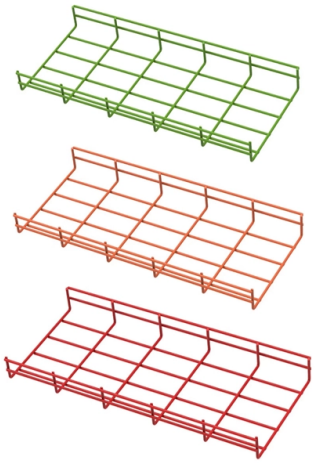
Egyptian cable tray support price



Overview

Cable tray | MetalEgyptBy preventing cable tangling and allowing easy access for maintenance and upgrades, cable trays enhance safety and minimize the risk.

Key Takeaways

Cable tray prices in Egypt vary widely depending on type, material, size, and accessories, typically ranging from EGP 150 to EGP 600 per meter for standard trays.

Price Factors

The cost of cable trays and support systems in Egypt depends on several factors: Type of tray: Perforated, solid bottom, ventilated, or ladder-style trays have different prices due to manufacturing complexity and material usage. Material: Galvanized steel, aluminum, or stainless steel affect durability and cost. Galvanized trays are common and moderately priced, while aluminum is lighter but more expensive.

Dimensions: Width, side height, and length per meter influence the price. Larger trays or thicker sheet metal (0. 8 mm to 2 mm) cost more.

Accessories: Covers, connectors, angles, and mounting brackets add to the total cost. Installation method: Wall-mounted, ceiling-suspended, or floor-mounted systems may require additional supports, affecting overall pricing.

Typical Price Ranges

Standard perforated or ladder trays: Approximately EGP 150–400 per meter depending on size and thickness. Heavy-duty or solid-bottom trays: Around EGP 400–600 per meter for industrial applications. Cable support accessories: Brackets, clamps, and connectors typically range from EGP 50–200 per piece, depending on type and material.

Suppliers and Manufacturers in Egypt

United Engineers: Offers a wide range of cable trays with detailed specifications and price quotes. Rovana Trade: Specializes in cable trays, ladders, and complete cable management systems with supply and installation services across Egypt.

Al-

Yathreb Factory: Produces metal cable trays and accessories, including solar energy structures and storage systems. Aetronix Egypt: Distributor of cable trays and baskets for industrial and commercial projects. Amazon Egypt: Offers smaller cable management solutions and organizers suitable for home or office use.

Recommendations

Choose trays based on actual load and cable type rather than price alone. Verify material quality and compliance with safety standards to avoid hidden costs or failures. Request detailed quotes from multiple suppliers to compare prices and services, especially for large-scale industrial projects.

By considering these factors, you can select the most suitable cable tray and support system in Egypt that balances quality, durability, and cost-effectiveness.
