Fireproof cable tray companies in Western Europe

Overview

Fire-Resistant Cable Support Systems Meka Pro regularly tests the fire resistance of its products to ensure high-quality and safe cable management systems.

Key Takeaways

Leading suppliers of fire-resistant cable trays in Western Europe include DKC Europe, Eurotray, Trayco, HERMI Solutions, and the Niedax Group. Key Manufacturers and Their OfferingsDKC Europe is a major European provider of cable tray systems, offering a wide range of solutions for civil and industrial infrastructures, including fire-resistant cable management options suitable for complex electrical installations. Eurotray Support Systems specializes in heavy-duty cable trays and ladders designed for high cable heating environments, such as data centers and food manufacturing plants.

Their systems are suitable for low, medium, and high voltage cables and can be adapted for fire-resistant applications. Trayco produces Belgian-made cable trays, mesh trays, and ladders, providing tailored solutions and consulting for installation projects. While their focus is on optimization and project-specific advice, they can supply fire-resistant cable trays as part of their comprehensive cable management systems.

HERM

I Solutions explicitly offers fire-resistant cable trays for constructing fireproof cable paths. They provide both standard and lightweight options and assist customers in selecting the most suitable solution for specific project requirements. Niedax Group provides a broad portfolio of steel, aluminium, PVC, and GRP cable management systems, including fire-resistant trays.

With manufacturing sites across Europe and over 100 years of experience, they offer full-service solutions including planning, technical consulting, and installation support.

Considerations for Selection

Material: Steel, aluminium, and GRP are commonly used for fire-resistant trays. Certification: Ensure compliance with European fire safety standards (e.g., EN 61537, EN 50085). Project Support: Some manufacturers, like Niedax and Trayco, offer engineering and installation guidance.

Customization: Eurotray and HERMI Solutions provide tailored solutions for high-temperature or industrial environments. These manufacturers collectively cover a wide range of fireproof cable tray needs in Western Europe, from standard installations to specialized industrial applications.
