Lebanon offers free quote for 1U cold aisle server room

Overview

White Spaces | Solutions | Legrand Lebanon LebanonConnect to your existing analog or digital KVM switches and get video, keyboard and touchpad functionalit.

Key Takeaways

Several Lebanese providers offer modular cold aisle server room solutions and free quotes for small-scale setups, including 1U racks.

Local Providers and Solutions

Legrand Lebanon offers modular racks and cold aisle solutions suitable for server rooms, including active cooling equipment and structured cabling for efficient airflow management. Their solutions support phased rack population, allowing you to expand over time while maintaining proper hot and cold air separation. Astra Technology Solutions specializes in professional server room design and build services across Lebanon.

They provide 1U rack layouts, structured cabling, UPS and power backup, environmental monitoring, and access control. Astra ensures proper airflow management, PDU placement, and future expansion planning, which is critical for small-scale server rooms.

AZ

E Telecom provides cold aisle containment systems that are modular and customizable. They explicitly offer the option to request a free quote online, making it convenient to get pricing and design options for a 1U server room setup.

IESC

O and Chehimi Cooling focus on high-efficiency cooling systems and cold storage solutions. While primarily known for industrial refrigeration, they also design and install tailored cooling systems for server rooms, ensuring optimal temperature control and energy efficiency. Steps to Obtain a Free QuoteIdentify your requirements: Determine the number of 1U racks, cooling needs, power backup, and monitoring requirements.

Contact providers: Reach out to AZE Telecom, Legrand Lebanon, or Astra Technology Solutions via their websites or contact forms. Provide specifications: Include room dimensions, expected server load, and any special requirements for airflow or redundancy. Receive proposal: Providers will offer a free quote including design, equipment, installation, and optional maintenance services.

Recommendations

For modular and expandable solutions, Legrand Lebanon and AZE Telecom are ideal. For full server room design and installation, Astra Technology Solutions provides end-to-end services including structured cabling and environmental monitoring. For specialized cooling, IESCO and Chehimi Cooling can design efficient systems tailored to your server room's size and energy requirements.

By contacting these providers, you can obtain a free quote for a 1U cold aisle server room in Lebanon and ensure your setup is energy-efficient, scalable, and professionally installed.
