Price of Fireproof Metal Cable Trays in the UAE

Overview

Cable Tray Manufacturers in Dubai, Abu Dhabi, Sharjah, UAEDesigned as complete cable routing solutions, they combine certified load and safety performance.

Key Takeaways

Fireproof metal cable trays in the UAE typically vary in price depending on material, size, and fire-resistance rating, with suppliers offering competitive rates for industrial and construction projects.

Overview of Suppliers and Types

In the UAE, several suppliers provide metal cable trays with fire-resistant properties, including: Ruwais Steel: Offers steel, galvanized, hot-dip galvanized, and stainless steel cable trays suitable for industrial and construction projects, adhering to ISO 9001: 2008 standards.

Emerald Steel Industries LL

C: Supplies hot-dip galvanized, powder-coated, and stainless steel cable trays manufactured from prime metallic sheets.

S: Provides pre-galvanized and hot-dip galvanized trays with finishes like powder-coated, epoxy painted, stainless steel, and aluminum, available in light, medium, heavy, and extra-heavy duty. Other notable suppliers: Bonn Metals, Al Ruwais Metal and Steel Factory, Abdulla Najim Electrical Appliances, and Arabian Vision Elect & Sanitary Ware offer a wide range of industrial steel cable trays with fireproof and corrosion-resistant options.

Factors Affecting Price

The cost of fireproof metal cable trays in the UAE depends on: Material: Stainless steel and hot-dip galvanized trays are generally more expensive than pre-galvanized or powder-coated steel. Tray Type: Ladder, perforated, solid-bottom, and trunking trays have different manufacturing costs. Size and Load Capacity: Wider trays or those rated for heavy-duty applications cost more.

Fireproofing and Coatings: Fire-resistant coatings or FRP-laminated systems increase the price. Accessories: Fittings like bends, tees, reducers, couplers, and clamps add to the overall cost.

Estimated Price Range

While exact prices vary by supplier and project requirements, industrial-grade fireproof metal cable trays in the UAE generally range from AED 50 to AED 300 per meter for standard steel or galvanized trays, with stainless steel or specialized fireproof trays costing AED 200 to AED 600 per meter depending on specifications and load rating. Bulk orders or project-based procurement may offer discounts.

Recommendation

For accurate pricing, it is recommended to contact suppliers directly with your project specifications, including tray type, material, size, and fire-resistance requirements. This ensures you receive a tailored quote and can compare options for cost-effectiveness and compliance with UAE fire safety standards.
