American Tray Cable Tray Manufacturer

Overview

Top 50 Cable Tray Manufacturers in the USThe top 50 cable tray manufacturers in the United States cable tray manufacturing sector are a robust and diverse.

Key Takeaways

Top American cable tray manufacturers include MP Husky, Atkore, Snake Tray, Eaton, and Legrand, offering a wide range of steel, aluminum, fiberglass, and wire mesh cable trays. Leading ManufacturersMP Husky is a founding member of the USA Cable Tray Institute and has over 55 years of experience producing high-quality cable tray systems. They manufacture aluminum, mill galvanized steel, hot-dipped galvanized steel, stainless steel, fiberglass, PVC-coated, single rail, and wire mesh wire basket trays, all meeting NEMA, UL, CTI, and CSA standards.

Atkore (US Tray) specializes in made-to-order cable trays built per NEMA standards and UL certified. Their product line includes wire basket trays, I-beam trays, and C-channel swage trays, emphasizing airflow, heat prevention, and easy installation. All products are made in America and comply with Buy America and Buy American requirements.

Snake Tray offers innovative cable management solutions, including wire mesh and ladder-style trays designed for fast installation and long-term durability. Eaton (Cooper Crouse-Hinds division) provides industrial, commercial, and residential cable tray systems, including ladders, trays, and raceways, with a focus on safety and compliance with North American standards. Legrand is a global leader with a strong U.

S. presence, offering cable trays, raceways, electrical enclosures, and wiring accessories for construction, telecommunications, and energy sectors.

Additional Notable Manufacturers

Other U. S. manufacturers include Chalfant Manufacturing Company, Creative Composites Group, PUPCO, Southwire Company, SILTEC, Basor, Cable Ties and More, Selco Manufacturing Corp., ACME WIRE, Powerstrut Strut, and United Electrical Distributors (UED). These companies provide a variety of materials such as galvanized steel, aluminum, fiberglass, and PVC, and serve industries ranging from construction and utilities to aerospace and data centers.

Key Considerations

When selecting a cable tray manufacturer in the U. S., consider: Material type: Steel, aluminum, fiberglass, or PVC depending on environmental and load requirements. Standards compliance: NEMA, UL, CTI, and CSA certifications ensure safety and durability.

Customization: Made-to-order solutions for specific project needs. Installation efficiency: Features like Quick Latch™ or pre-spliced bars can reduce labor time. Buy American compliance: Important for government or federally funded projects.

These manufacturers provide reliable, high-quality cable tray systems suitable for a wide range of industrial, commercial, and utility applications.
