AMETEC

H by Ameeri Industries AMETECH GI Cable Management Systems include U-shaped cable trays, ladders, and trunking. These systems are designed to support, protect, and route power and network cables efficiently throughout buildings. 5.

Other Suppliers Additional suppliers in Bahrain provide a variety of cable tray products, including cable ladders and trunking, which may include U-shaped options. These suppliers cater to both industrial and commercial projects.

Considerations for Selection

Standards Compliance: Ensure the trays meet NEMA, BS, or European standards for durability and safety. Material and Finish: Options include galvanized steel, stainless steel, or powder-coated finishes depending on environmental conditions. Load Capacity and Size: Choose trays based on cable weight, number of cables, and installation space.

Accessories: Check for compatible bends, tees, reducers, and supports for a complete installation. By selecting from these established brands, you can ensure reliable U-shaped cable trays that meet local standards and project requirements in Bahrain.
