British electrical cable tray manufacturer

Overview

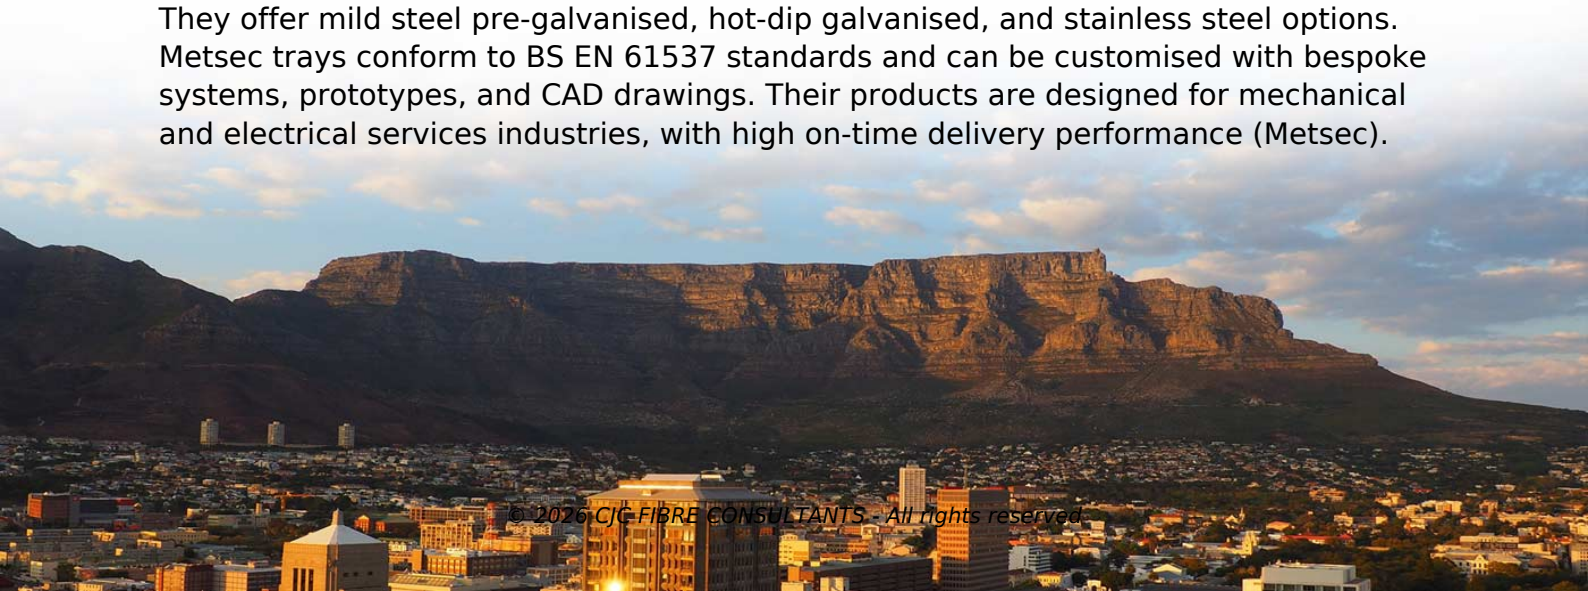

UK Cable Tray manufacturing companies are offering a wide range of solutions, from standard components to highly specialized, bespoke systems, meeting the needs of various sectors.

Key Takeaways

Leading UK manufacturers of custom electrical cable trays include DB Sheetmetals, Metsec, Armorduct, and RMS Ltd, offering bespoke designs, durable materials, and precision fabrication. Key ManufacturersDB Sheetmetals specialises in precision-engineered electrical cable trays for commercial, industrial, and specialist environments. They offer custom design options, flexible configurations, and durable construction using high-grade steel or aluminium.

Their trays are corrosion-resistant, available in galvanised, stainless steel, or powder-coated finishes, and are manufactured in the UK for quick lead times. Applications include data centres, factories, offices, and infrastructure projects, ensuring organised and protected cable systems (DB Sheetmetals). Metsec (part of voestalpine) provides industrial cable tray systems manufactured in the UK, ranging from 12mm to 50mm deep and 50mm to 900mm wide.

They offer mild steel pre-galvanised, hot-dip galvanised, and stainless steel options. Metsec trays conform to BS EN 61537 standards and can be customised with bespoke systems, prototypes, and CAD drawings. Their products are designed for mechanical and electrical services industries, with high on-time delivery performance (Metsec).

Armorduct Systems Ltd manufactures a wide range of steel cable management systems, including trays, trunking, baskets, floor boxes, and power tracks. They provide both standard and bespoke solutions, designed and fabricated in-house to meet specific project requirements (Armorduct).

RM

S Ltd offers bespoke cable management solutions for large-scale projects such as data centres, hospitals, and public sector installations. Their onsite fabrication shop (FABSHOP) allows for custom designs, and they operate under ISO 9001 and ISO 14001 quality management standards, ensuring high-quality manufacturing and compliance (RMS Ltd).

Summary

These U

K manufacturers provide customisable, durable, and precision-engineered cable trays suitable for a wide range of industrial, commercial, and specialist applications. They offer flexibility in materials, finishes, and configurations, with the ability to produce bespoke solutions tailored to project-specific requirements. Choosing a manufacturer like DB Sheetmetals, Metsec, Armorduct, or RMS Ltd ensures reliable cable management systems with strong UK-based support and fast turnaround times.
