Cap-type optical cable junction box 12 cores

Overview

This 12 port fiber access terminal box is designed to connect feeder cables to subscriber drop cables for FTTH last-mile fiber connectivity. Product name: 2-in 2-out optical cable splicing box 2. Dimensions; 320 * 120 * 60mm 4. Made of brand new materials, sturdy and durable, resistant to impact, corrosion, sealed and waterproof, safe and worry free 6. It integrates fiber splicing, splitting, distribution, storage and cable connection in one solid protection box. Linkwell provides a Fiber Optic Junction Box made of high-quality PC and ABS plastic alloy and SMC material from 2 fibers to. GY08-1 cap type cable joint box adopts innovative design, manufacture and material selection, and its mechanical sealing technology ensures the reliability and stability of the product.
