

Cost of Australian Tray Cable Trays

Overview

Cable Tray Australia | Cable Management Tray | Cable Basket Buy cable trays online from RS Australia. Shop a wide range including cable baskets & stainless.

Key Takeaways

Cable tray prices in Australia vary by type, material, and load capacity, typically ranging from AUD 50 to AUD 500 per meter depending on specifications.

Overview of Cable Tray Types and Pricing

Cable Tray Type	Material	Typical Use	Approximate Price Range (AUD/m)	Notes
Ladder Tray	Pre-galvanised steel, hot-dip galvanised steel, aluminium	Heavy-duty industrial and outdoor installations	150 – 500	Open rung design allows maximum airflow and easy cable access; ideal for long spans and high load applications
Perforated Tray	Steel or aluminium	Light to medium cable loads	50 – 200	Lightweight, allows airflow to prevent overheating; suitable for commercial or light industrial projects
Solid-Bottom Tray	Steel or aluminium	Concealed or aesthetic installations	100 – 300	Provides full protection for cables; used where appearance or dust protection is important
Wire Mesh / Basket Tray	Galvanised steel	Data, communication, and power cables	80 – 250	Open mesh design for ventilation and easy cable entry/exit; commonly used in IT and commercial buildings
T3 Industrial Tray	Hot-dip galvanised steel	Industrial/commercial cable runs	200 – 400	Standard for industrial projects; supports higher cable loads and fire-rated systems
T5 Heavy-Duty Tray	Hot-dip galvanised steel	Maximum load applications	300 – 500	Deep tray for maximum cable laying depth; suitable for high-density industrial installations
Key Considerations				
Material Selection: Steel trays are strong and durable, aluminium trays are lightweight and corrosion-resistant, and stainless steel is ideal for highly corrosive environments.				

Load Capacity: Ladder trays support heavier cables, while perforated and wire mesh trays are better for lighter loads. **Installation:** Cable trays are generally easy to install, with options for pre-galvanised or hot-dip galvanised finishes to meet Australian Standards. **Supplier Options:** Major Australian suppliers include CNW Electrical, RS Components, AGM Electrical, EzyStrut, and Ozstrut, offering competitive pricing and customization for large projects.

This table provides a general guide for budgeting and planning cable tray installations in Australia. For exact pricing, it is recommended to request quotes from suppliers based on specific dimensions, material, and project requirements.
