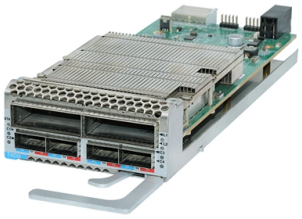
Direct Sales of Explosion-proof Distribution Boxes from Thai Manufacturers



Overview

COMPANY PROFILE Alloy Industry Co., Ltd is a fully integrated manufacturer of explosion proof electrical equipment for use in hazardous areas. The process.

Key Takeaways

Thailand offers direct access to certified explosion-proof distribution boxes through leading manufacturers like Alloy Industry, TCA Technology, SKB Supply, and Supermec, all meeting international standards such as IECEx and ATEX.

Leading Suppliers

Alloy Industry Co., Ltd. has over 50 years of experience manufacturing and exporting explosion-proof electrical equipment, including junction boxes, control boxes, and distribution panels for hazardous areas such as oil refineries, chemical plants, and offshore platforms. Their products are tested and certified according to ATEX and IECEx standards, with production quality assurance certified by PTB, Germany, and ISO 9001: 2015 compliance. Alloy also provides pre- and post-sale services, including installation inspection and maintenance support (Alloy Industry Co., Ltd.),.

A Technology Co., Ltd. is a main distributor of Alloy Industry products in Thailand and Vietnam, offering a wide range of explosion-proof distribution boxes, control panels, junction boxes, and cable glands. Their products are certified to IECEx/ATEX standards and tested in certified laboratories, ensuring compliance for use in hazardous locations (TCA Technology Co., Ltd.),.

SK

B Supply (Thailand) Co., Ltd. specializes in explosion-proof and non-explosion-proof electrical equipment for sectors including petrochemical, oil & gas, power plants, and offshore drilling. They provide high-quality distribution boxes and can also supply custom metal fabrication to meet specific industrial requirements (SKB Supply). Supermec offers ATEX-certified explosion-proof enclosures and junction boxes, designed for chemical, petrochemical, and offshore industries.

Their EJB and CS

D series distribution boxes are engineered for power distribution, monitoring, and control in hazardous atmospheres, with materials resistant to corrosion and high durability for long-term investment (Supermec).

Product Features and Applications

Standards Compliance: IECEx, ATEX, PTB-certified production, ISO 9001: 2015 quality managementMaterials: Corrosion-resistant metals suitable for chemical, oil, and gas environmentsApplications: Oil & gas refineries, offshore platforms, chemical storage, paint factories, NGV/LPG pumps, and other flammable or combustible areasTypes: Distribution panels, control panels, junction boxes, terminal boxes, control stations, and enclosuresSupport: Installation, inspection, and maintenance services to ensure operational safety and complianceHow to PurchaseFor direct sales, you can contact the manufacturers or distributors via their official websites: Alloy Industry Co., Ltd.: https:// Technology Co., Ltd.: https://tcatech.orgSKB Supply (Thailand) Co., Ltd.: https://: https:// These suppliers provide direct sales, international shipping, and technical consultation, ensuring that you can acquire professional explosion-proof distribution boxes suitable for your industrial needs.
