Fiber Distribution Box 24-Core Warranty

Overview

All Fiber Distribution&Termination Boxes/ have 2 years (fiber optic component 1 year) warranty. The 24 port fiber optic distribution box provides a protected termination point for feeder cable to connect with drop cable in FTTH and FTTx communication networks. Durability and Reliability: Constructed with high-quality ABS material, this fiber optic terminal box is. The FDB-24N3 is a robust IP55-rated fiber optic distribution box for FTTx networks, supporting 24-core splicing and 4x1:8 tube splitters for reliable indoor/outdoor connectivity. It serves as a central point for distributing and connecting individual fiber strands to other network components, such as optical splitters, connectors, and patch. AZE's Outdoor Fiber Optic Distribution Box is applicable in FTTH project and suitable for building's outer walls application; They can distribute cables after installing splitters and also can draw out room fiber optic cables by direct or cross-connections. Note: This box does not come with any adapters, pigtails and fiber splitters. If you need them, we can install.
