Fiber optic adapter SCFC

Overview

FIBER OPTIC ADAPTER SC-FC General Description Metal adapters containing the precision zirconia ceramic sleeve are used to mate SC-FC connectors. Fiber Opti.

Key Takeaways

An SCFC fiber optic adapter is a hybrid connector that allows an SC (square push-pull) connector to mate with an FC (round screw-type) connector, enabling compatibility between different fiber optic interfaces.

Overview

The SCF

C adapter is designed to connect two different types of fiber optic connectors: SC and FC.

The S

C connector features a square body with a push-pull latch mechanism, commonly used in switches, routers, and Gigabit Ethernet networks due to its ease of use and low cost.

The F

C connector, in contrast, has a round metal body with a screw-threaded connection, providing high reliability and stability in high-vibration or precision environments, often used in telecom systems and measurement equipment. Structure and FunctionSC Side: Accepts the SC connector with a 2. 5 mm ferrule, using a push-pull mechanism for quick insertion and removal.

F

C Side: Accepts the FC connector with a 2. 5 mm ferrule, secured by a threaded screw mechanism to ensure precise alignment and minimal signal loss. Adapter Body: Houses the ferrules and aligns the fiber cores to minimize insertion loss and return loss, ensuring efficient light transmission between the two connector types.

ApplicationsSCFC adapters are commonly used in: Telecom networks where legacy FC equipment needs to interface with modern SC-based systems. Data centers for connecting SC patch cables to FC transceivers or measurement devices. Testing and measurement setups where hybrid connections are required for flexibility.

Advantages

Compatibility: Bridges SC and FC connectors without requiring cable replacement. Low Insertion Loss: Maintains signal integrity across different connector types. Ease of Use: SC side allows quick plug-in, while FC side ensures secure, vibration-resistant connection.

Versatility: Supports both single-mode and multimode fibers depending on the adapter specification. In summary, an SCFC fiber optic adapter is a practical solution for connecting SC and FC connectors, combining the convenience of SC push-pull design with the precision and stability of FC screw-type connections, widely used in telecom, data center, and testing environments.

FIBER OPTIC ADAPTER SC-FC

General Description Metal adapters containing the precision zirconia ceramic sleeve are used to mate SC-FC connectors.

SC-FC Female Simplex Singlemode Fiber Optic Adapter

This SC-FC Hybrid Adapter allows you to patch together SC and FC connectors or SC and FC fiber patch cables quickly. The SC-FC adapters feature zirconia

Fiber Optic Standard Adapter, SC Female to FC Female

The Polyphaser OFA-SCFFCF-G-RZ0MMT is a fiber optic adapter with SC female to FC female connectors in a metal housing. The Polyphaser OFA-SCFFCF-G

Fiber Optic Adapters — SC, LC, FC, ST, E2000,

Due to the variety of fiber optic connector types, adapters are available for SC, LC, FC, ST, and E2000 connectors. These adapters are compatible with both single

SC-FC DX Hybrid Adapter

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

The SC/UPC-FC/UPC hybrid adapter, also known as the SC-FC hybrid optical fiber adapter, is designed to connect SC/UPC fiber optic patch cables with FC/UPC

Hybrid Fiber Optic Adapter, SC Male to FC Female,

The L-com FOA-SM-SCMFCF is a hybrid fiber optic adapter which couples fibers of different connector types and genders. The FOA-SM-SCMFCF features an SC

Fiber Optic Adapter & Coupler – SC LC FC ST | ANFKOM

High-precision fiber optic adapters for connecting SC, LC, FC, ST and hybrid connectors. Ideal for FTTH, telecom, CATV and data center networks.

What is a Fiber Optic Adapter: The Most Complete Guide

In the precision-driven world of fiber optic networking, where signal integrity, latency, and density are paramount, the fiber optic adapter is one of the

Fiber End Face Cleaning Box Pigtail Cleaner Cassette Fiber Wiping

A-550 Model: High-quality fiber optic cleaning solution for professional use. Fiber End Face Cleaning: Ensures clean and clear fiber connections for reliable performance. Pigtail Cleaner Cassette:

Hj-fiber Customized SC Flange Fiber Optic Coupler

This 2024 model SC port adapter custom flange fiber optic coupler ensures stable network connections in carrier grade equipment using a high-precision SC interface.

4 Port Metal Fiber Termination Box (SC/LC/FC/ST)– Topfiberbox

4 port indoor wall mount metal fiber terminal box is compatible with SC, LC, FC, and ST adapters. Built-in splice trays ensure cable managemen

Fiber Optic Adapters & Couplers | Versatile Connectivity Solutions for ...

Discover top-quality Fiber Optic Adapters and Couplers at Fiber4u. Our adapters ensure seamless connectivity and reliable performance. Trust us for 20 years of professional network solutions at

Fiber Optic Patch Panels and Enclosures

Fiber Optic Patch Panels comprise of various products that can support the optical fibers termination or fusion splicing works. They are usually deployed to store these optical splices in a safe manner.
