Free quote for SFP optical module 40G

Simplex LC UPC

Overview

40G QSFP+ Transceiver Modules | Optical Transceivers FS 40G QSFP+ optical transceiver module solutions offer a full range of QSFP+ modules from 150m to 80k.

Key Takeaways

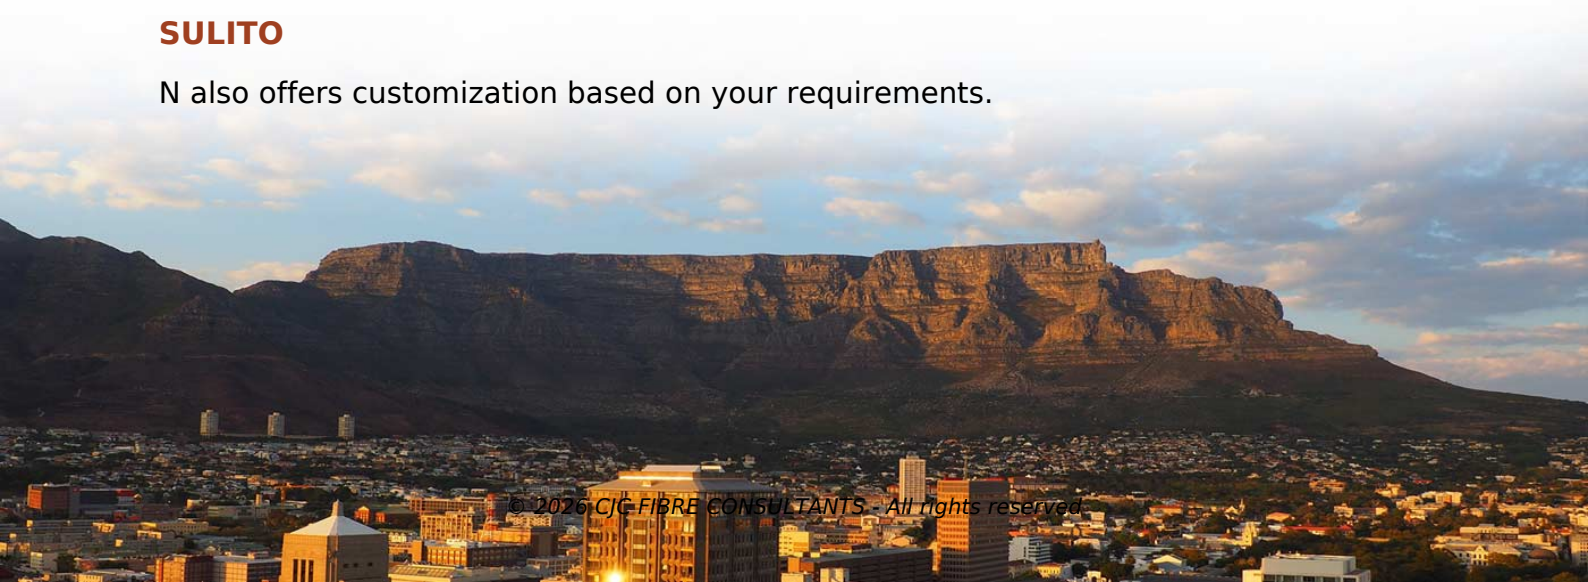

You can request a free quote for 40G QSFP+ optical modules from suppliers like FS, SULITON, FiberMall, and AOA Tech, which offer a range of modules for different distances and switch compatibility. Suppliers and OptionsFS offers a wide range of 40G QSFP+ transceivers with transmission distances from 150m to 80km, suitable for high-density switching, routing, and data center applications. They provide nearby warehouse shipping and a 30-day free return policy, making it easy to request a quote online.

SULITO

N provides OEM and ODM services for 40G QSFP+ modules compatible with most major switch brands, including Cisco, Juniper, Arista, HPE, Dell, and Huawei. Their modules cover distances from 100m to 80km and are designed for high-speed, low-latency data transmission in data centers and high-performance computing environments.

SULITO

N also offers customization based on your requirements.

Fiber

Mall lists various 40G QSFP+ modules, including SR4, LR4, IR4, and ER4 types. For example, the 40GBASE-SR4 module works with OM3/OM4 multimode fiber for distances of 100–150m, while LR4 modules can reach up to 10km over single-mode fiber. ER4 modules support long-distance transmission up to 40km, and IR4 modules are designed for 2km optical communication.

AO

A Tech provides cost-effective QSFP+ SR4 modules supporting 40Gbps data rates with multimode fiber transmission up to 100m. How to Request a Free QuoteVisit the supplier's website (FS, SULITON, FiberMall, or AOA Tech). Select the 40G QSFP+ module type that matches your distance requirements and switch compatibility.

Use the “Request Quote” or “Contact Sales” option to submit your inquiry. Include details such as quantity, module type (SR4, LR4, ER4, IR4), and any customization needs. Suppliers typically respond with pricing, availability, and shipping options.

By comparing these suppliers, you can find a competitive price and reliable performance for your 40G optical module needs.

The global market for 40G SFP modules is experiencing significant growth, driven by escalating bandwidth demands in data centers, telecommunications networks, and enterprise IT

40G QSFP+ Transceiver Modules | SR4, LR4, ER4 & Breakout Optics

Shop a wide range of 40G QSFP+ optical modules, including 40GBASE-SR4, LR4, and ER4. Our QSFP+ transceivers support 4x10G breakout mode for high-density 10G deployments. Ideal for data

QSFP+ 40G transceivers

This category includes all types of QSFP transceivers for 40G data connections, including SR4 multi-mode, eSR4 multi-mode, IR4 single-mode and LR4 single-mode QSFP+ transceiver formats.

Wholesale Optical Transceivers Module | 100G QSFP28, 40G QSFP

Shop high-speed optical transceivers from Unitekfiber. We offer 100% compatible 40G, 100G, and 400G QSFP-DD modules for data centers. Expert technical support & wholesale pricing.

Optical Transceiver Pricing: Cost Ranges by Speed and Type

See practical price ranges for 1G–100G optical transceivers, DAC/AOC options, and why cost varies by speed, reach and technology — buying tips included.
