Gyty optical cable manufacturer

Overview

Gyty Optical Cable Factory, Custom Gyty Optical Cable OEM/ODM. You can buy factory price gyty optical cable from a great list of reliable China gyty opti.

Key Takeaways

Hongan, HuaDong, GL FIBER, and Zion Communication are leading manufacturers of GYTY optical fiber cables in China, offering both armored and non-armored options for outdoor and duct installations. Key Manufacturers1.

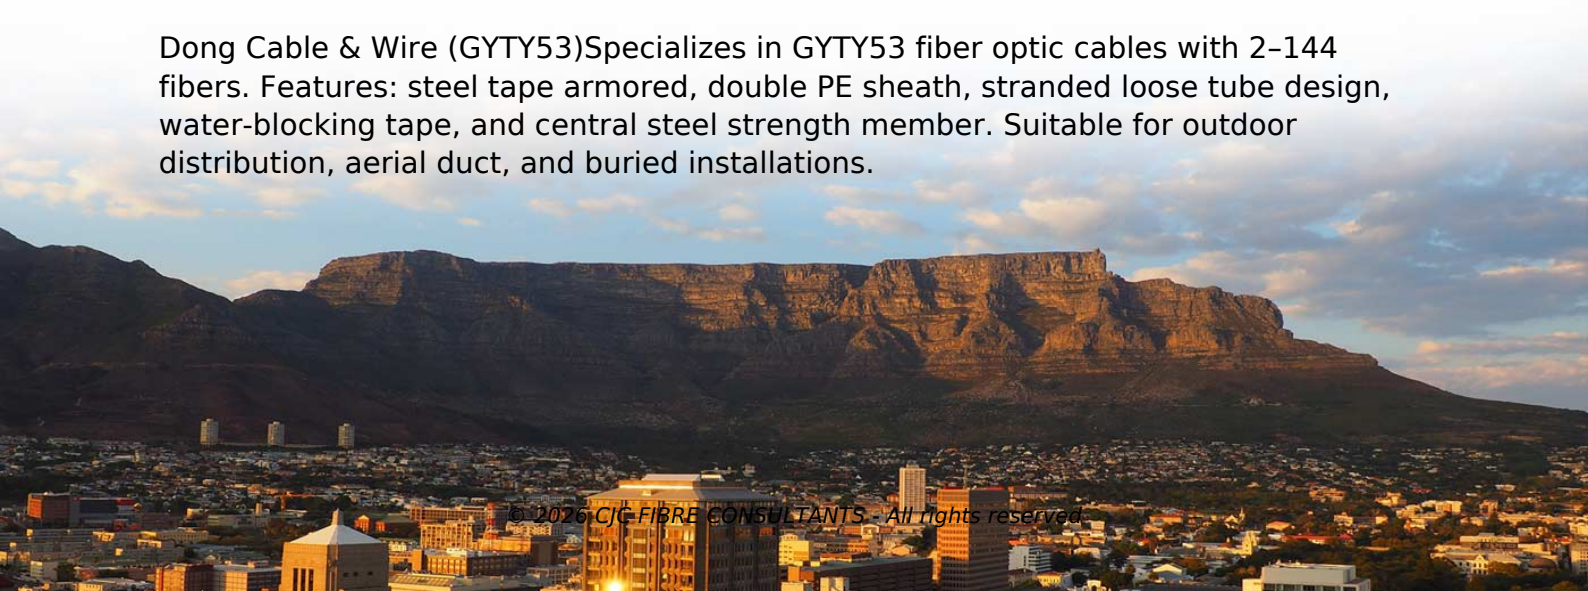

Hongan Fiber Optical Cable Company

Established in 1994, located in Weihai, Shandong Province, China. Produces a wide range of fiber optic cables including outdoor, indoor, FTTH, armored, and special cables. Annual production capacity reaches 150,000 km, with advanced production lines imported from Switzerland, USA, Japan, and Finland.

Certifications: ISO9001, ISO14001, OHSAS18001, CE, ROHS, TLC. Products are used by China Mobile, China Telecom, China Defense, and exported to Europe, Middle East, Southeast Asia, America, and Africa. 2.

Hua

Dong Cable & Wire (GYTY53)Specializes in GYTY53 fiber optic cables with 2–144 fibers. Features: steel tape armored, double PE sheath, stranded loose tube design, water-blocking tape, and central steel strength member. Suitable for outdoor distribution, aerial duct, and buried installations.

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Offers both single-mode and multi-mode cables with low dispersion and attenuation. Exported to countries including South Africa, Philippines, Malaysia, Singapore, Vietnam, Korea, UAE, and more. 3.

GL FIBER

Provides non-armored stranded loose tube GYTY cables for duct installations. Offers 2–288 cores with semi-dry core design and high tensile strength. Focuses on OEM services, brand customization, and international packaging for container transport.

Uses water-blocking filling, glass yarn compound, and PE sheath for durability and moisture resistance. 4.

Zion Communication

Offers GYT

Y non-armored stranded loose tube cables with gel-filled loose tubes, central strength member, and PE outer sheath. Designed for outdoor applications, duct installations, and aerial use. Lightweight, non-metallic, and resistant to harsh environmental conditions.

GYTY Cable Features

Structure: Loose tube containing optical fibers, water-blocking gel, stranded around a central strength member. Sheath: Polyethylene (PE) for mechanical protection; armored versions include steel tape. Applications: Outdoor, duct, aerial, and long-distance telecommunication networks.

Advantages: Moisture resistance, crush resistance, rodent protection, and stress-free fiber movement. These manufacturers provide a range of GYTY optical cables suitable for telecom operators, ISPs, and large-scale infrastructure projects, with options for customization, high-quality materials, and international compliance.
