

How much does a 42-port fiber optic patch panel cost

Overview

Price List: Fiber Patch Panels | RLH Industries, Inc. Please view our full RLH price list and contact us at info@fiberopticlink.com if you have any question.

Key Takeaways

A 42-port fiber optic patch panel typically costs between \$185 and \$675, depending on type, density, and pre-loaded configuration. Price Range and Examples High-Density 1U Rack-Mount Panels: Eaton's 2U breakout panel with 42 MTP/MPO ports breaking out to 168 LC ports is a premium option, designed for OM4 multimode fiber, and is priced at the higher end of the spectrum, often around \$600-\$675 for enterprise-grade solutions.

Pre-

Loaded 48-Fiber Panels: Panels like the RLH 1RU fiber adapter panels pre-loaded with SC or LC duplex adapters (48-fiber capacity) are slightly larger than 42 ports but comparable, costing \$185-\$210.

High-

Density L

C Panels: FiberTek and ShowMeCables offer 1U 48-port LC duplex panels suitable for 42-port setups, with prices ranging from \$255-\$335 depending on adapter type and multimode/single-mode configuration. Amazon Options: Rack-mounted 1U 48-port LC OM3/OM4 panels are available for \$200-\$285, providing a cost-effective solution for small to medium deployments.

Factors Affecting Cost

Fiber Type: Single-mode (OS1/OS2) panels are generally more expensive than multimode (OM1/OM2/OM3/OM4) panels.

Pre-

Loaded vs. Unloaded: Pre-loaded panels with adapters and pigtails cost more than unloaded panels that require separate adapter plates. **Rack Space:** 1U panels are more compact and often slightly more expensive per port than 2U panels.

High-

Density Features: Breakout panels with MTP/MPO cassettes, Base-8 wiring, or color-coded OM4 cables are premium options that improve performance but increase cost. **Brand and Warranty:** Enterprise brands like Eaton or Camplex offer lifetime warranties and higher reliability, which can raise the price compared to generic or OEM panels.

Summary

For a 42-port fiber optic patch panel, you can expect to pay: Budget/Standard Panels: \$185-\$285 High-Density or Breakout Panels: \$300-\$675 Choosing the right panel depends on your fiber type, rack space, and whether you need pre-loaded adapters or high-density breakout features. For most 42-port setups, a 1U or 2U LC duplex panel in the \$200-\$350 range is a practical choice for multimode networks, while enterprise-grade breakout panels for OM4 or single-mode may cost \$600 or more.

Amazon : Fiber Patch Panel

Explore fiber patch panels for network infrastructure. Find LC, SC, and ST connector options for your telecommunications or data center needs.

Fiber Patch Panels | Graybar Store

Shop Our Inventory Of Fiber Patch Panels Online. Graybar Is Your Trusted Distributor For Patch Panels.

Fiber Patch Panel | Fiber Optic Patch Panel | L-com

We offer multiple fiber optic patch panels including LC, ST, SC, FC, MTRJ, and MPO connector options. Our 19-inch rack-mount panels are constructed from .06 cold-rolled steel with durable black powder

Fiber Optic Patch Panels and Enclosures

Fiber Optic Patch Panels comprise of various products that can support the optical fibers termination or fusion splicing works. They are usually deployed to store these optical splices in a safe manner.

Amazon : Fiber Optic Patch Panel

Fiber Optic Patch Panel, Rack Mount, 1 RU, Includes 2 LC Duplex Singlemode and 2 LC Duplex Multimode Adapter Plates, Includes Splice Trays, Up to 24 Fiber Capacity

Fiber Optic Panels

FS offers FHD® FAPs and FHU™ 1U fiber patch panel with LC, SC, MTP®/MPO connectors in singlemode/multimode fiber to deploy medium for high-density fiber optic network applications.

Fiber Optic Patch Panel | ODF Optical Distribution Frame (Rack

Whether you are searching for a high-density rack mount fiber optic patch panel for a data center or a compact wall mount fiber optic patch panel for a remote building entry point, our solutions ensure

Fiber Breakout Patch Panel, LC Duplex OM4, Multimode, 2U | Eaton

Each cassette contains 12 LC duplex ports and three built-in two-meter MTP multimode cables for a total of 42 QSFP fiber switch ports breaking out to 168 LC ports.

Fiber Patch Panels Made in the USA – Primus Cable

We offer a wide selection of fiber patch panels including: swing-out patch panels, slide-out patch panels, slide-out splice shelves, high density fiber patch panels, and loaded fiber patch panels. The fiber

Fiber Optic Patch Panel: 10 Best Options for 2025 Success

Discover the best fiber optic patch panel options for 2024. Learn how to choose, install, and maintain your fiber network for future growth.

Fiber Patch Panel | Fiber Cable Management – Primus Cable

Fiber optic patch panels come in various port varieties such as 12, 24, 36, 48 and 72. We stock high density fiber patch panels for server rooms and large industrial operations that require efficient use of

Buy 4 Port Fiber Patch Panel Suitable For FTTH | Alibaba

Discover 4 port fiber patch panels with LC/SC/FC/ST connectors, cold-rolled steel housing, and CE certification. Ideal for FTTH, FTTX networks.

Fiber Patch Panels Factory

Fiber optic patch panels, also known as fiber optic termination boxes, can be divided into pre-installed fiber optic patch panels and unloaded fiber optic patch panels.
