How much does a Nordic trapezoidal cable tray cost

Overview

Price List Cable Tray 2024 - Free download as PDF File (.pdf), Text File (.txt) or view presentation slides online.

Key Takeaways

A Nordic trapezoidal cable tray typically costs between $10 and $50 per meter, depending on material, coating, and customization.

Price Range and Factors

The cost of a Nordic trapezoidal cable tray varies primarily based on material and surface treatment. Standard steel trays generally range from $10 to $30 per meter, while aluminum trays are more expensive, typically $20 to $50 per meter due to their lightweight and corrosion-resistant properties. Stainless steel trays, used in highly corrosive or hygienic environments, are at the higher end of the spectrum.

Coatings such as hot-dip galvanizing (HDG) or powder coating increase durability but also add to the price.

Nordic X-

Tray System

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Nordic Wire Tray's X-Tray system is a premium cable tray solution designed for fast installation and high load capacity. While exact prices are not publicly listed, the system is customizable for length, bends, and load requirements, which can affect the final cost. The X-Tray's design reduces the number of brackets and parts needed, potentially lowering installation costs compared to standard trays.

Cost Considerations

Installation: Labor costs vary by region, but X-Tray's design allows for faster assembly, reducing overall project expenses. Bulk Orders: Ordering in larger quantities can lower the per-meter cost. Customization: Special lengths, bends, or coatings may increase the price.

Nordic Wire Tray offers on-demand cutting and shaping to fit unique project requirements.

Summary

For budgeting purposes, you can expect a Nordic trapezoidal cable tray to cost roughly $10–$50 per meter, with steel being the more economical option and aluminum or stainless steel at the higher end. Additional costs may include installation, shipping, and any custom modifications required for your project.
