# How much does it cost to splice two ends of a 48-core fiber optic cable

## Overview

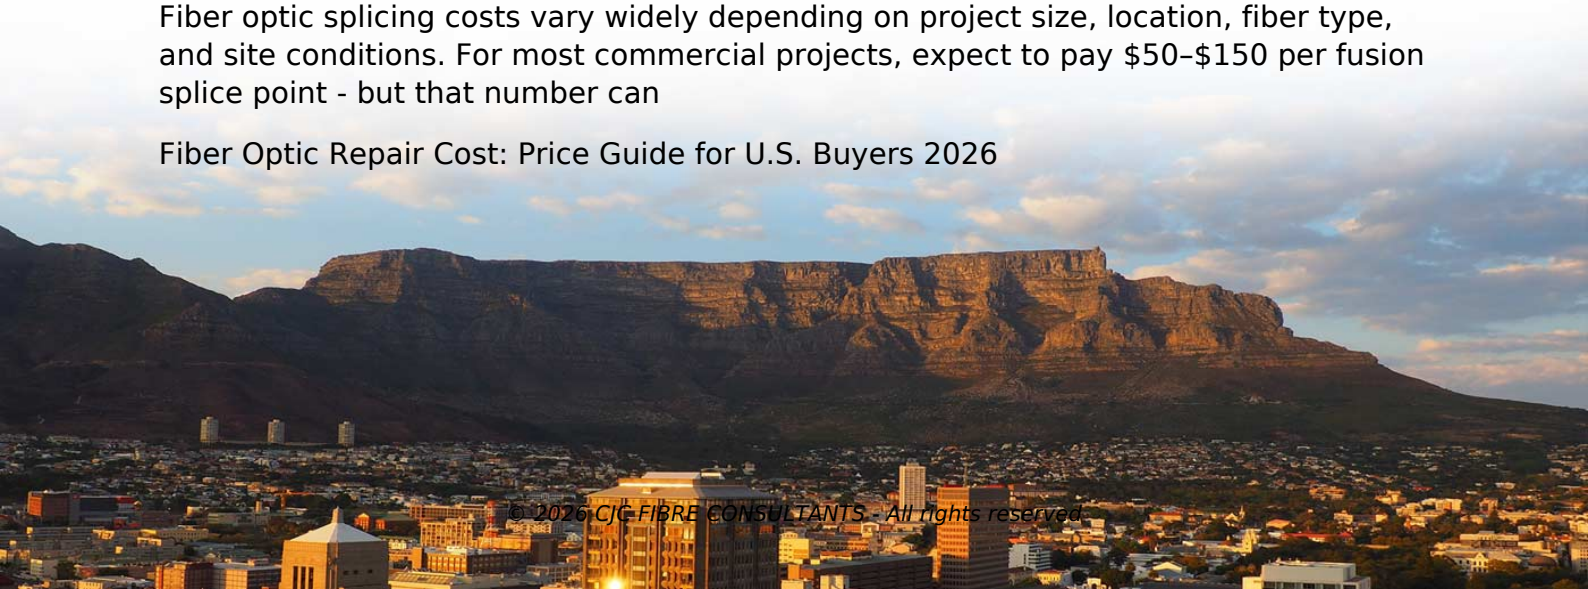

For most commercial projects, expect to pay $50–$150 per fusion splice point - but that number can swing in either direction based on the factors below. Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. Understanding these factors can help. Typical cost range for a standard fiber optic repair spans from $1,300 to $11,000, with most projects in the $2,500–$6,000 band. The exact price hinges on splice complexity, fiber type (single-mode vs multimode), jacket condition, and whether the repair occurs on a backbone, distribution, or. This price is fixed unit cost. Splicing Services – Enclosure Prep. 00 per Enclosure Point Travel/Mobilization – Travel/Mobilization will not be charged if the labor for each trip/phase exceeds the minimum labor work as indicated below. If the minimum labor work figured is not met, then.
