Indonesia Metal Reinforced Cable Tray Manufacturer

Overview

Cable Tray Indonesia | Cable Management At Metosu we merge decades of proficiency in cable management systems and lighting fixtures, serving a diverse spec.

Key Takeaways

Top metal cable tray manufacturers in Indonesia include PT Sumber Surya Mandiri, PT Surya Cakra Mandiri, Baruna Tray Indojaya, and MNI Tray, offering high-quality, certified cable management solutions for industrial and commercial projects. Leading ManufacturersPT Sumber Surya Mandiri specializes in manufacturing cable trays, cable ladders, and raceways for both commercial and industrial sectors. Their products are designed for durability, ventilation, and easy access for large cable bundles, and they offer custom solutions tailored to project-specific requirements.

The company complies with SNI and ISO 14001: 2015 standards, ensuring quality and reliability for local and international clients (sumbersuryamandiri.com).

P

T Surya Cakra Mandiri (SCM B-Tray) produces cable trays, ladders, wire mesh, conduit pipes, and FRP/GRP systems. They provide custom fabrication in various materials including mild steel, stainless steel, aluminum, and FRP. Their products meet ISO 9001, ISO 14001, and OHSAS 18001 standards, making them suitable for power plants, oil & gas, data centers, and large infrastructure projects (scm-tech.com).

Baruna Tray Indojaya offers cable trays, ladders, and accessories with a focus on high-quality, durable solutions. They provide mild steel, hot-dipped galvanized, and stainless steel options (SS304 and SS316) to resist corrosion, suitable for commercial buildings, offices, hotels, and hospitals. Their products comply with NEMA international standards and are designed for easy customization and installation (barunatrayindojaya.co.id).

MN

I Tray (PT Mitra Nusa Internasional) manufactures cable trays, ladders, ducts, and wire mesh systems for industrial, commercial, and infrastructure projects. They offer high load capacity, customizable dimensions, and various materials including SPHC, stainless steel, aluminum, and FRP.

MN

I Tray emphasizes precision, quality control, and timely delivery for projects of all scales (mnitray.co.id).

Key Considerations

Certifications: Look for ISO, OHSAS, and SNI compliance to ensure safety and quality. Material Options: Mild steel, stainless steel, aluminum, and FRP are commonly available depending on environmental conditions and load requirements. Customization: Many manufacturers provide tailored solutions for dimensions, load capacity, and finishing to meet specific project needs.

Applications: Suitable for industrial plants, commercial buildings, data centers, oil & gas facilities, and infrastructure projects. These manufacturers are recognized for their reliability, adherence to standards, and ability to deliver both standard and custom cable management systems across Indonesia.
