

Industrial-grade fiber optic network switches

Overview

Explore industrial fiber optic Ethernet switches from a direct manufacturer. SFP, single-mode and multimode fiber switches available in unmanaged and managed designs.

Key Takeaways

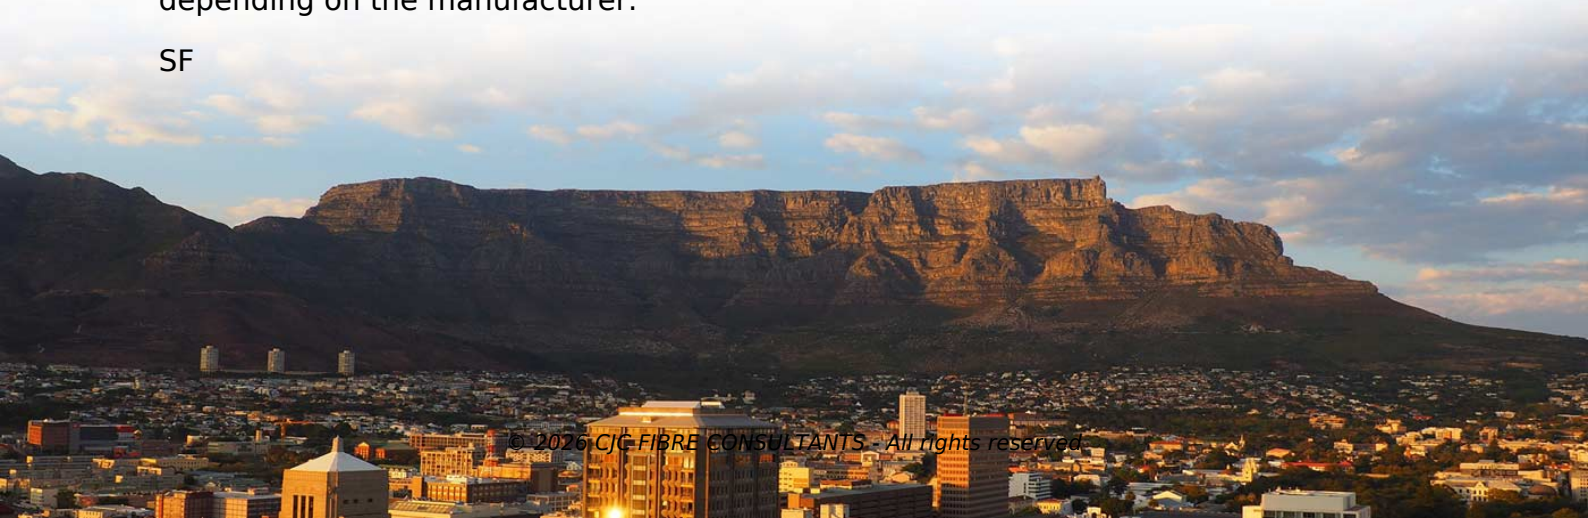

Industrial fiber optic switches provide high-performance, long-distance, and interference-resistant connectivity for harsh environments, supporting both single-mode and multimode fiber with managed or unmanaged configurations.

Key Features

Performance and Connectivity: Industrial fiber switches support Fast Ethernet, Gigabit, and 10G speeds, with SFP-based fiber uplinks, fixed fiber ports, and hybrid copper-fiber configurations for flexible network design. They offer stable, long-distance transmission, often up to 100 km, while maintaining strong resistance to electromagnetic interference. **Fiber Types and Ports:** These switches accommodate single-mode and multimode fiber, with LC, SC, ST, or FC connectors.

Multi-port fiber architectures are available, and some models support 1-16 fiber ports depending on the manufacturer.

SF

P modules allow easy upgrades or replacements. Management Options: Industrial switches come in managed and unmanaged models. Managed switches provide advanced features such as VLANs, QoS, redundancy protocols, and network monitoring, while unmanaged switches offer plug-and-play simplicity.

Environmental Resilience: Designed for harsh industrial conditions, these switches are DIN-rail, rack-mount, embedded, or outdoor-rated, with ruggedized enclosures to withstand temperature extremes, vibration, and electrical noise. Some models meet industry standards like EN 50155 for rail applications. Power and Mounting: Options include screw terminal power connections, PoE support, and flexible mounting choices such as standalone or DIN-rail installation.

Applications

Industrial fiber optic switches are widely used in: Factory automation for connecting machines and control systems. Energy and utility networks including substations and renewable energy sites. Transportation systems such as railways, traffic control, and intelligent transport networks.

Surveillance and security networks requiring long-distance, high-bandwidth connections. Outdoor field deployments where environmental conditions are challenging.

Leading Manufacturers

Moxa: Offers a broad range of industrial Ethernet switches, including PoE, rackmount, and EN 50155-compliant models. Cisco: Provides ruggedized industrial switches with high-speed uplinks, PoE options, advanced security, and AI-ready features for industrial automation.

VERSITRO

N: Specializes in fiber optic switches with SFP modules, managed/unmanaged options, and lifetime warranty. Westermo: Offers robust industrial fiber switches with up to 16 fiber ports, various management levels, and compatibility with serial and Profibus applications. Industrial-grade fiber optic switches are essential for reliable, high-speed, and secure networking in demanding environments, providing flexibility, long-distance connectivity, and resilience against harsh conditions.

Industrial Ethernet Switches

Built for diverse industrial applications, these switches feature all-gigabit, high-density, all-copper or mixed copper and fiber ports, PoE options, and resiliency

Industrial Fiber Optic Ethernet Switches | SFP, Single-Mode

Explore industrial fiber optic Ethernet switches from a direct manufacturer. SFP, single-mode and multimode fiber switches available in unmanaged and managed designs.

Ethernet Switches

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to

Industrial Ethernet Switches | Phoenix Contact

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

fiber optic switch | Newegg

2PCS Industrial Network Switch Gigabit Ethernet Fiber Optic Converter - 1SFP to 8 RJ45, with 1Pair SFP Moudle-LC 3KM, 10/100/1000M, IP40, Din Rail Mount Model #: HANLB0F93NLWV5

Fiber Optic Products & Accessories Manufacturer/Supplier

UnitekFiber is a professional manufacturer of fiber Indoor/outdoor cables, MPO/MTP fiber patch cords, fiber optic patch panel. SFP optical transceiver, fiber optical connectivity and PLC splitter. Our

world.taobao : telecom-grade 12-port pull-out fiber optic ...

welcome to taobao purchase telecom-grade 12-port full-out fiber optic box 12-core fiber optic distribution frame 1u racing 1u rack-mounted 24-port full-out terminal box 48, let you simply taobao.

2.5G series L3 managed industrial PoE switch

L3 managed industrial PoE switch with 8*10/100/1000/2500M RJ45 ports and 2*1/10G SFP+ fiber ports. Port 1-8 can support IEEE802.3 af/at PoE standard. It can support dual DC redundant power input

HSGQ-F400P 4-Port PoF ONU with Remote Power Supply

This compact industrial-grade ONU combines full fiber speed with a remote power supply, completely replacing traditional power adapters. ✂ Power over Fiber (PoF) Technology: Connects via a ...

FLX Series Fiber Optic Connectors – Rugged, Waterproof, Tool-Free ...

FLX Series fiber connectors are rugged, waterproof, and offer quick, tool-free termination. Ideal for FTTH, data center, military, and industrial networks.

Orange lightning ✂ Th tanghu gigabit fiber optic patch cord ...

Don't push it! this orange "engineering grade" fiber optic patch cord - th tanghu sc-sc gigabit multi-mode dual-core, uses 3mm thick pvc sheath + ceramic ferrule + telecommunications

Mastering Composite Fiber Optic Cable: Installation and

Mastering Composite Fiber Optic Cable: Installation and Usage Guide Fiber optic cables have revolutionized the way information is transmitted. With

Boyang telecom-grade fiber optic patch cord sc-sc upc 3m ...

As a "carrier-grade" fiber optic patch cable, this isn't just some run-of-the-mill option! After connecting the optical modem and router, the network speed directly increased to over 980mbps, the

IP40 Industrial 4 Port PoE Switch Gigabit With SC Fiber Uplink

Industrial Switch Gigabit 4 Port PoE Switch with SC Fiber Uplink This Industrial 4-Port PoE Switch with SC Fiber Uplink combines high-speed Ethernet transmission with fiber optic connectivity for

monaco Gigabit 1 Fiber 4 Copper Industrial Ethernet Switch JXRD14G

Jiaxun JXRD14G-SFP 1000M 1 Fiber 4 Electrical Industrial Ethernet Switch (4 Gigabit Electrical Ports + 1 Gigabit FX Fiber Port Industrial Ethernet Switch) A 4-port Gigabit electrical port plus 1-port Gigabit

Fiber Optic Splitter: How It Works & Types Guide

This guide demystifies fiber optic splitters, explaining their design, operating principles, types, key specifications, and real-world applications.

Industrial Ethernet Switches

Our managed Ethernet switches, fiber switches, and router switches provide fast Ethernet and gigabit combo ports as well as numerous network protocols, such

Industrial Network Switches Manufacturer | Wholesale,

Our engineering team can design and manufacture industrial network switches tailored to your specific requirements, from custom port configurations, unique
