National Low-Voltage Complete Equipment Manufacturers

Overview

Nothing has changed in this regard and we continue to pride ourselves on supplying safe, reliable and flexible low voltage power distribution and motor control solutions available in the market.

Key Takeaways

Leading low-voltage equipment manufacturers include Chuanli Electric, Delixi Group, Schneider Electric, ABB, and Mitsubishi Electric, offering comprehensive switchgear, distribution, and control solutions.

Key Manufacturers

Chuanli Electric Co., Ltd specializes in both high and low-voltage electrical equipment, including low-voltage switchgear, cable distribution boxes, and power transformers. Their products meet IEC, GB/T, and ISO9001 standards, and they provide customized solutions for industrial and utility applications, with SCADA-compatible systems and modular designs for reduced maintenance downtime. Delixi Group (Hangzhou Delixi Group Co., Ltd) is a major Chinese manufacturer of low-voltage switchgear and power plant equipment.

They offer customized solutions for industrial automation, power distribution, and electrical control systems, serving both domestic and international markets. Schneider Electric is a global leader in low-voltage switchgear, including metal-enclosed switchboards, motor control centers (MCCs), busbar systems, and individual circuit breakers. Their products integrate smart monitoring, energy management, and digital connectivity for industrial, commercial, and residential applications.

AB

B Ltd provides low-voltage switchgear solutions for industrial, power, and infrastructure sectors.

Their MNS and Tmax X

T series are known for compact design, advanced safety features, and global support networks. Mitsubishi Electric manufactures high-quality low-voltage switchgear and circuit breakers, recognized for vacuum interruption technology and compliance with international standards, serving industrial and infrastructure projects worldwide.

Top Chinese Low-

Voltage Manufacturers (2026)According to industry rankings, the top low-voltage electrical manufacturers in China include: Sichuan Chuanmei Electrical Equipment Co., LtdZhejiang Yuxin Electric Co., LtdSichuan Mandexi Electrical Equipment Co., LtdWenzhou Daqi Electric Co., LtdYangzhong Kangsong Electric Co., LtdZhenhang Electric Technology Co., LtdSichuan Weifeng Electrical Equipment Co., LtdJiangsu Haichuan Teaching Instrument Co., LtdShanghai Changji Electric Co., LtdSuzhou Leimanson Automation Technology Co., Ltd These companies are evaluated based on product relevance, certifications, company activity, and industry performance, offering products such as low-voltage electrical panels, busways, and cable trays.

Summary

For national and international sourcing of complete low-voltage equipment, these manufacturers provide a wide range of solutions including: Low-voltage switchgear and distribution boardsMotor control centers and busbar systemsTransformers and protective devicesCustomized industrial and utility solutions These companies combine certified quality, modular designs, and smart energy management features, making them suitable for industrial, commercial, and infrastructure projects.
