Key Takeaways

Oglaend System and Nordic Wire Tray are leading Norwegian manufacturers of mesh cable trays, offering high-quality products and excellent customer service.

Oglaend System

Founded in 1977 in Sandnes, Norway, Oglaend System specializes in multidiscipline support systems, including cable trays and ladders. They are part of the Hilti Group, ensuring strong international backing and quality standards. Oglaend System offers: MultiGrid® installation concept that reduces project costs by up to 30% through lighter systems, faster installation, and simplified modifications.

Global supply chain with factories in Norway, Malaysia, and China, ensuring reliable delivery. Experience across industries such as oil & gas, shipbuilding, wind energy, infrastructure, and marine farming. Their focus on safety, efficiency, and project cost reduction makes them a strong choice for demanding installations.

Nordic Wire Tray (NWT)Nordic Wire Tray, formerly known as X-Tray, is another Norwegian manufacturer with over 20 years of experience. Key features include: Customizable wire trays tailored to each project, with flexible bending and cutting options. Fast delivery due to a well-stocked standard range and modern production facilities.

Premium quality with long bracket spacing, fewer fasteners, and easy installation using only an M8 bolt and basic tools. Durable materials suitable for harsh environments, reducing maintenance and replacement needs. High service level, including expert guidance for selecting the right tray and installation support.

Recommendation

For projects requiring mesh or wire cable trays with strong service support, both Oglaend System and Nordic Wire Tray are excellent options. Oglaend System is ideal for large-scale, multidisciplinary projects with international reach, while Nordic Wire Tray excels in customized, fast-delivery solutions with user-friendly installation. Choosing between them depends on project scale, customization needs, and delivery requirements.
