Outdoor four-position distribution box

Overview

This 4-port fiber optic distribution box is perfect for last mile installations. Outdoor distribution box should be installed in an area close to the power source, and should be selected in an area where electrical equipment or loads are relatively concentrated. The box is light and compact; it is especially for connecting and protecting for fiber cable of FTTH. Open the outer package of box 2. Upgrade your outdoor power setup with this 4-Way Outdoor Breaker Box, featuring IP65 waterproof protection and a durable PC/ABS plastic enclosure for maximum reliability. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements.
