

Price List for Bestselling Fiber Optic Patch Cords

Overview

How to Choose a Fiber Patch Cord Supplier: Price vs. Quality Learn how to choose the right fiber patch cord supplier by comparing price vs. quality, certif.

Key Takeaways

Fiber optic patch cords typically range from \$5 to \$50 per unit, depending on type, length, and quality. Typical Price RangesSingle-mode OS2 patch cords: Usually \$5-\$20 for standard lengths (1-3 meters) with LC or SC connectors. Higher-quality or longer cords can cost more due to testing and certification requirements.

Multimode OM3/OM4 patch cords: Generally \$8-\$25 for 1-3 meters. OM5 or specialized shortwave multiplexing cables may be more expensive. MPO/MTP patch cords: These multi-fiber connectors are more complex and can range from \$30-\$100+, especially for 12F or 24F cores with precise alignment and polishing.

Armored or LSZ

H cables: Designed for harsh environments or public buildings, these can add \$5-\$15 per cord compared to standard jackets.

Factors Affecting Price

Connector Type: LC, SC, ST, and FC are common; angled APC connectors are more expensive than UPC types. Cable Length: Prices increase linearly with length, but bulk orders often reduce per-meter cost. Quality and Testing: Cords with IL/RL test reports, 3D interferometer measurements, and end-face inspections command higher prices.

Customization: OEM labeling, color coding, or special packaging can add setup costs of \$30-\$100 per order. Volume: Bulk purchases significantly reduce unit cost, making them more economical for large projects.

Buying Tips

Balance price and quality: Low-cost cords may save upfront money but risk higher replacement or failure costs. Check for certifications: ISO 9001, RoHS, CE, or UL listings ensure compliance and reliability. Consider supplier reliability: Verified suppliers with testing documentation and warranty support reduce long-term risks.

In summary, for standard 1-3 meter fiber optic patch cords, expect to pay \$5-\$25 for single-mode or multimode, and \$30-\$100+ for MPO/MTP or specialized cords, with prices influenced by connector type, length, quality, and customization.
