

Price of Double-Channel Cable Tray

Overview

2 channel cable trayDiscover 2-channel cable trays, wire mesh and galvanized steel options for efficient cable management. Prices from \$1.2 to \$7.83, ideal.

Key Takeaways

Double-channel cable trays typically range from \$1.20 to \$7.83 per unit for standard sizes, with prices varying by material, design, and supplier.

Price Overview

Alibaba Listings: 2-channel cable trays are available in steel (galvanized or powder-coated) and aluminum, with prices ranging from \$1.20 to \$7.83 per tray depending on size, material, and design features such as perforation or ladder-style construction.

B2

B Bulk Pricing: For large-scale purchases, prices can range from \$0.80 to over \$76 per unit, reflecting variations in material, load capacity, and supplier discounts.

Hot-

Dip Galvanized Ladder Type: Standard 2.4-meter lengths are commonly priced per unit, with fittings (elbows, tees, reducers) priced individually. Material and Design Impact on PriceSteel (Galvanized or Powder-Coated): Offers high strength and durability, suitable for heavy-duty indoor and outdoor applications.

Typically mid-range in cost. Aluminum: Lightweight and corrosion-resistant, ideal for coastal or marine environments. Slightly higher cost due to material properties.

Stainless Steel (SS 304): Fireproof and highly corrosion-resistant, often used in industrial or high-risk environments; prices are at the higher end of the spectrum. Design Variations: Ladder-style trays, perforated trays, and wire mesh trays may affect pricing due to manufacturing complexity and ventilation features.

Additional Considerations

Installation Costs: Fast assembly designs reduce labor costs, but complex routing or high-load applications may require additional support hardware. Compliance and Safety: Fire-rated coatings, grounding, and proper cable segregation are essential for safety and may influence overall project cost. Supplier Options: Major suppliers include Alibaba, Eurostrut, and regional distributors, offering both retail and bulk pricing options.

Summary

For budgeting purposes, expect standard double-channel cable trays to cost between \$1.20 and \$7.83 per unit, with higher prices for stainless steel, specialized designs, or bulk orders.

Always consider material, tray length, fittings, and installation requirements when calculating total project costs. Proper selection ensures durability, safety, and efficient cable management in industrial, commercial, or data center environments.
