# Price of Galvanized Cable Tray Hanger Frame

## Overview

The cost of galvanized cable tray hanger is influenced by several factors, including the material used, the type and size of the trays, and the complexity of the installation.

## Key Takeaways

Galvanized cable tray hanger frames typically range from $10 to $50 per piece, depending on size, material, and finish.

## Overview

Galvanized cable tray hanger frames are essential for supporting and suspending cable trays in industrial, commercial, and outdoor installations. They are commonly made from Q235B carbon steel with hot-dip galvanizing, pre-galvanizing, or powder coating to ensure corrosion resistance and long-term durability, often exceeding 20 years in service life. These frames are compatible with various cable tray types, including ladder, trough, perforated, and wire mesh trays.

## Price Range

Small to medium-sized frames (6–12 inches, pre-galvanized steel) generally cost $10–$25 per piece. Larger or heavy-duty trapeze suspension brackets (16–28 inches, hot-dip galvanized, high load-bearing) can range from $30–$50 per piece. Prices may vary based on surface treatment, load capacity, and supplier location.

Bulk orders often reduce the per-unit cost.

### Factors Affecting Price

Material and Finish: Hot-dip galvanizing provides superior corrosion resistance compared to pre-galvanized or powder-coated finishes, increasing cost. Size and Load Capacity: Longer or reinforced frames designed for heavy-duty cable trays are more expensive. Installation Features: Frames with standardized hole positions, FAS-style attachments, or compatibility with threaded rods and expansion bolts may cost more due to ease of installation and labor savings.

Supplier and Region: Prices vary by manufacturer and shipping location, with international suppliers sometimes offering lower base prices but higher shipping costs.

### Conclusion

For budgeting purposes, expect galvanized cable tray hanger frames to cost between $10 and $50 per unit, with the final price influenced by size, material, finish, and installation features. For precise pricing, it is recommended to request a quote from suppliers such as Alibaba, Platt Electric Supply, or specialized cable tray manufacturers.
