Price of U-shaped cable trays

Overview

U-Shaped Cable Tray Find durable and precise U-Shaped Cable Trays at attractive prices, perfect for commercial and industrial cable management. Customizabl.

Key Takeaways

U-shaped cable trays typically range from $10 to $100 per meter, depending on material, size, and finish.

Price Overview

The cost of U-shaped cable trays varies widely based on material, dimensions, and supplier. Common materials include: Galvanized steel: Durable and corrosion-resistant, generally priced around $15–$50 per meter for standard sizes. Stainless steel: Offers superior longevity and corrosion resistance, often costing $40–$100 per meter due to higher material and manufacturing costs.

Aluminum: Lightweight and corrosion-resistant, typically $20–$60 per meter, suitable for installations where weight is a concern.

FR

P (Fiber Reinforced Plastic): High strength-to-weight ratio and fully corrosion-resistant, prices vary widely depending on supplier and specifications.

Factors Affecting Price

Size and Load Capacity: Wider or thicker trays designed for heavy-duty cables cost more. Finish and Coating: Hot-dip galvanization or powder-coated finishes increase durability and price. Customization: Custom lengths, perforations, or special bends can raise costs.

Supplier and Location: Prices differ between local distributors, online suppliers, and international vendors.

Supplier Options

Alibaba: Offers a wide range of U-channel trays with prices varying by material and quantity. Sawaria Infra India: Provides customizable U-shaped trays at competitive prices for industrial and commercial use.

Pohl

Con: Specializes in mesh U-shaped trays with optional covers, suitable for flexible installations.

Cost-

Saving Tips

Bulk Orders: Purchasing in larger quantities often reduces per-meter cost. Material Selection: Choose the material that balances durability and budget; for example, aluminum may be more cost-effective than stainless steel for moderate environments.

Future-

Proofing: Consider trays that allow for expansion to avoid replacement costs later. By considering these factors, you can select a U-shaped cable tray that meets both your budget and installation requirements.
