# Price of Waterproof Switch Boxes and Distribution Boxes

## Overview

Amazon.com: Waterproof Switch BoxFind waterproof on-off switches and rocker panels for automotive, marine, and outdoor applications. IP65 rated protection.

## Key Takeaways

Waterproof distribution boxes typically range from $10 to $150 or more, depending on size, material, and IP rating.

### Price Range and Factors

Small plastic or PVC boxes (compact, single-door, IP65) generally cost $10–$30 and are suitable for basic outdoor or residential applications.

### Medium-sized DI

N rail or multi-terminal boxes (AT or HT series, IP65–IP68) are priced around $30–$80, offering more internal space and better cable management for industrial or solar installations. Large or heavy-duty boxes (double-door, smart PVC, or stainless steel, IP66) can range from $80–$150+, often used in commercial, industrial, or critical infrastructure settings.

### Material and Design Impact

Plastic (ABS/PC): Lightweight, UV-resistant, and cost-effective; ideal for residential and light industrial use.

C: Durable, weatherproof, and resistant to chemicals; commonly used in commercial and industrial applications. Stainless steel (304/316 grade): High corrosion resistance and strength; suitable for harsh environments, but more expensive. Additional ConsiderationsIP Rating: Higher ratings (IP66–IP68) increase cost due to better sealing against water and dust.

Customization: Custom sizes, pre-assembled solutions, or smart features (IoT integration) can significantly raise the price. Bulk Orders: Purchasing in bulk often reduces per-unit cost, especially from manufacturers in China or suppliers offering OEM options. For precise pricing, it is recommended to contact suppliers directly for quotes based on your required size, material, IP rating, and quantity.

Reliable suppliers include SinoBreaker, ZCEBOX, and Alibaba vendors.
