

Price of a 0 5-meter half-circumference distribution box

Overview

The Distribution Box Price is a premium choice in the Power Distribution Cabinet & Box category. Power distribution cabinet & box price varies by specs, OEM requirements, and factory volume.

Key Takeaways

A 0. 5-meter half-circumference distribution box typically costs between \$50 and \$200, depending on material, amperage, and brand.

Price Range and Factors

The cost of a distribution box depends on several factors: Material: Plastic or metal enclosures affect durability and price. Metal boxes are generally more expensive. Amperage Rating: Boxes designed for higher amperage circuits (e.g., 100–200A) cost more than lower-rated boxes.

Number of Outlets or Ports: More ports or integrated circuit breakers increase the price. Brand and Certification: Well-known brands or boxes with safety certifications (UL, CE) are priced higher. For a 0.

5-meter half-circumference box, which is roughly a small to medium-sized enclosure, prices on platforms like Amazon or Home Depot generally fall in the \$50–\$200 range. Custom or specialized boxes may exceed this range.

Additional Considerations

Installation Costs: If professional installation is required, factor in labor costs.

Accessories: Some boxes include mounting brackets, pigtail connectors, or circuit breakers, which can affect the total price. **Local Availability:** Prices may vary by region and supplier.

Checking local electrical supply stores or online marketplaces can provide more precise pricing. For exact pricing, it is recommended to search for “0. 5-meter distribution box” on Amazon or Home Depot and compare specifications, as prices fluctuate based on features and stock.
