Ranking of Chinese Micro-module Manufacturers

Overview

IT Home has learned that Huawei HiSilicon, Weir Semiconductor, Zhixin Micro, Wingtech, Unigroup Zhanrui, ZTE Micro, Yangtze River Storage, Zhaoyi Innovation, Silan Micro and Changxin Storage are among the top 10 in the list. CXMT offers a range of DRAM products, including LPDDR4, DDR4, and the more advanced LPDDR5, catering to applications in mobile devices, personal computers, tablets, servers, and other consumer electronics. The company has advanced its manufacturing technology to a 16-nanometer process process node. This is the list of the largest public listed companies in the Semiconductors industry from China by market capitalization with links to their reference stock. Publish a paid offer in minutes. 03 billion USD (approximately RMB 1,181. 1% in the past three years (2019-2022). 4, especially in 2021, the growth rate of China's. The top 10 Microcontroller manufacturers in China for 2026 are: Manhattan Automation Equipment Trading Company, Longhua District, Shenzhen, Manhattan Automation Equipment Trading Company, Longhua District, Shenzhen, Shenzhen Terai Technology Co., Ltd, Shenzhen Sizeyuan Technology Co., Ltd, Shenzhen. Yangzhou Yu an Electronic Technology is an enterprise specializing in the development and production of electronic warfare equipment and electromagnetic test and training equipment.

16 Leading Chinese Semiconductor Companies [As of 2026]

Below, I highlight the top Chinese semiconductor companies, their market positions, core products, and cutting-edge innovations shaping the future of global technology.

Top 40 largest Chinese Semiconductors Companies 2026

Top 40 largest Chinese Companies in the Semiconductors industry by Market Cap This is the list of the largest public listed companies in the Semiconductors industry from China by market

Top 15 Semiconductor manufacturers in China

The average growth rate in the past three years was 14.4, especially in 2021, the growth rate of China''s sensor market reached 16.9%. In this article, we have collected the top 15 Semiconductor

2026 Top 10 Microcontroller Manufacturers in China

Ranked based on product relevance, certifications, company activity, and industry performance. This list is widely used for supplier comparison and sourcing decisions.

Top 10 Chinese microelectronics companies

Microelectronics technology is a technology that uses semiconductors as materials and micro-processing as the main means to achieve miniaturization of electronic systems.Here we list

Top 11 Leading Chinese Semiconductor Companies for AI Chips 2026

China''s semiconductor companies are growing fast in the global chip industry, with Leading Chinese Semiconductor Companies for AI Chips like SMIC, Huawei HiSilicon, and Hua

Top 10 IC Chip Companies in China (Ranking/List)

So, who are the top ten most powerful and promising chip manufacturers in China? Let''s take a look at the top ten Chinese chip companies.

Three Chinese firms enter world semiconductor industry top 20

In a milestone for China''s semiconductor industry, three Chinese equipment manufacturers were ranked among the world''s top 20 by sales for the first time in 2025, according to data from

Top 10 SiC Power Module Suppliers in China

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

A curated list of the top 10 SiC power module manufacturers in China, driving advancements in EVs, energy systems, and industrial automation.

The "Top 100 Chinese Semiconductor Companies" list released

IT Home has learned that Huawei HiSilicon, Weir Semiconductor, Zhixin Micro, Wingtech, Unigroup Zhanrui, ZTE Micro, Yangtze River Storage, Zhaoyi Innovation, Silan Micro and Changxin

China''s Top PV Enterprises: Market Cap Rankings (30 June 2026)

PVTIME – Data on the market capitalisation of China''s leading photovoltaic enterprises, as of 15:00 on 30 June 2026, highlights significant valuation disparities across the entire PV industrial

Top 10 companies producing power modules in China

In China, there are many companies producing power modules, and the ranking of companies in this industry will change with changes in technical

The top 10 PV module suppliers in 2024

For the second year in a row, the top 10 module suppliers by volume for 2024 is dominated by Chinese manufacturers. Image: JinkoSolar Can

Global Module Shipments of 20+ Major Chinese Solar Module Manufacturers ...

A comprehensive analysis of global module shipments from 24 prominent Chinese solar module manufacturers reveals that shipments are projected to range from 600GW to 650GW,

Chinese companies dominate Wood Mackenzie''s solar

Nine out of the top 12 manufacturers in Wood Mackenzie''s new global solar PV module manufacturer rankings are Chinese companies.

Chinese Giants Dominate 2025 Module Shipment Rankings, But

Chinese solar panel manufacturers swept the top rankings in 2025, with Jinko Solar and LONGi Green Energy sharing first place in global module shipments, even as the industry stared

2025 Top 20 Global Photovoltaic Module Manufacturers Revealed by

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

PVTIME – On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in
