United U-

Li Projects Pte Ltd Founded in 2009, United U-Li Projects provides a comprehensive range of cable trays, trunkings, ladders, conduits, fittings, and floor trunking systems. They cater to diverse industrial projects and offer assembly systems suitable for various applications. 5.

AE Hub A

E Hub supplies metallic cable support systems, including hot-dipped galvanized (HDG) and GI galvanized zinc-plated cable trays. They offer multiple construction types and duty ratings, complying with IEC 61537, NEMA VE-1, and SS249 standards. Considerations for Choosing a ManufacturerMaterial and Coating: Ensure the galvanized coating type (hot-dipped or electro-galvanized) meets project requirements.

Customization: Some manufacturers provide tailored solutions for specific industrial or commercial needs. Standards Compliance: Look for compliance with international and local standards such as IEC 61537, NEMA VE-1, and BS EN 1416. Duty Rating: Select trays based on load requirements, ranging from light to super heavy-duty.

These manufacturers collectively cover a wide range of galvanized cable tray solutions suitable for industrial, commercial, and specialized applications in Singapore.
