Tajikistan Fiber Optic Cable Installation Manufacturer

Overview

Advanced Fiber Solutions is a leading provider of fiber optic cabling, offering customized solutions for a wide range of industries.

Key Takeaways

Tajikistan primarily relies on imported fiber optic cables, with no widely reported domestic manufacturers, while international suppliers serve the growing ICT market.

Market Overview

Tajikistan has been actively expanding its fiber optic infrastructure, laying over 2,800 kilometers of fiber optic cable nationwide, including a 108 km connection to China to improve internet speed and reduce costs. The country's ICT sector is growing rapidly, with broadband expansion, 5G pilot zones, and digital economy initiatives driving demand for fiber optic cables. The telecommunications market generated around $410 million in revenue in 2024, projected to reach nearly $480 million by 2027.

Local Manufacturing

Currently, there is no prominent domestic fiber optic cable manufacturer in Tajikistan reported in the available sources. The market is largely supplied by international companies, including Turkish, European, and Chinese manufacturers. These suppliers provide a range of products such as singlemode and multimode fiber cables, double-sheathed flame-retardant cables, and specialty optical fibers.

Key International Suppliers Serving TajikistanETK Kablo (Turkey) – Supplies fiber optic and low-voltage communication cables to over 120 countries.

TRIO KABL

O (Turkey) – Specializes in advanced optical fiber and connectivity solutions.

WAVETE

L (France) – Provides testing and measurement equipment for fiber optic networks. Tratos – Offers bespoke fiber optic cable solutions for industrial and telecom applications. Tech Optics Ltd (UK) – Manufactures fiber optic cables and assemblies for harsh environments.

Import and Distribution

Tajikistan has over 1,300 active fiber optic cable importers, sourcing from more than 875 suppliers globally. The largest importer is OOO HATI ROST, which accounted for the highest number of shipments in recent years. The market is dominated by Chinese and Russian technologies, reflecting the country's reliance on foreign suppliers for both infrastructure and equipment.

Conclusion

While Tajikistan is rapidly expanding its fiber optic network, domestic manufacturing is minimal or non-existent, and the market is heavily dependent on international suppliers. Companies looking to enter the Tajik market should focus on import partnerships, distribution networks, and compliance with local ICT standards to capitalize on the growing demand for fiber optic infrastructure.

Article Content

Advanced Fiber Solutions supplier Tajikistan | Bishkek, Osh, Jalal

As a trusted Supplier/Reseller Advanced Fiber Solutions in Tajikistan, we offer a wide range of products with door-to-door delivery to Bishkek, Osh, Jalal-Abad, Karakol, Tokmok, Kara-Balta, Naryn, Uzgen,

Fiber Optic supplier Tajikistan | Bishkek, Osh, Jalal-Abad, Karakol ...

Advanced Fiber Solutions is a leading provider of fiber optic cabling, offering customized solutions for a wide range of industries. Their expertise extends to data centers, telecommunications, and industrial

Connect with Verified Fiber, Optical, Cable Buyers in Tajikistan | Volza

Access over 1,255 verified Fiber, Optical, Cable buyers in Tajikistan with detailed shipment insights — including pricing, volumes, trade routes, and supplier connections.

Cables > Fiber Optic manufacturers in Tajikistan
