The price of cable trays for storing various cables

Overview

Check each product page for other buying options. This product has sustainability features recognized by trusted certifications. Contains at least 50% recycled material.

Key Takeaways

Cable tray prices vary widely, ranging from under $1 for bulk industrial units to $34 for consumer-grade trays, depending on material, type, and purchase volume. Price OverviewB2C (Consumer) Market: Cable trays for home or office use are typically priced between $15 and $34 per unit, with some wholesale options as low as $0. 92.

These are often designed for under-desk wire management and feature easy installation methods like no-drill clamps, prioritizing aesthetics and convenience.

B2

B (Industrial/Commercial) Market: Bulk purchases for construction, data centers, or manufacturing applications can range from $0. 80 to over $76 per unit, depending on material, size, and load capacity. These trays are more durable, often made from stainless steel, aluminum, or fireproof FRP, and are designed to meet safety and compliance standards.

Factors Affecting Price

Material: Steel (electrogalvanized or hot-dip galvanized): Durable, corrosion-resistant, suitable for heavy loads. Stainless Steel (304 or 316): High corrosion resistance, long-lasting, ideal for harsh environments.

PVC or Halogen-

Free Plastic: Lightweight, fire-resistant, and easy to install, often used in residential or light commercial settings. Type of Tray: Ladder Cable Tray: Supports heavy power cables, allows ventilation and easy maintenance.

Wire Mesh/

Basket Tray: Flexible, lightweight, suitable for data and communication cables. Single Rail Tray: Compact, for smaller cable runs. Volume and Purchase Channel: Bulk orders through B2B channels like Alibaba reduce per-unit cost, while small-scale consumer purchases on platforms like Amazon are higher per unit but require minimal upfront investment.

Installation and Compliance: Trays that are easy to install or meet international standards (e.g., DIN EN 61537) may cost more but provide long-term reliability and safety.

Summary

For home or office use, expect to pay $15–$34 per tray. For industrial or commercial projects, prices vary from $0. 80 to $76+, depending on material, type, and bulk purchasing.

Choosing the right tray involves balancing cost, durability, installation ease, and compliance requirements to suit your specific application.
