Which manufacturers produce bridge bends in Tuvalu

Overview

'C' & 'U' Type Crossover Bends in Funafuti, TuvaluWhether you're in construction, engineering, or manufacturing, our 'C' & 'U' Type Crossover Bends solutio.

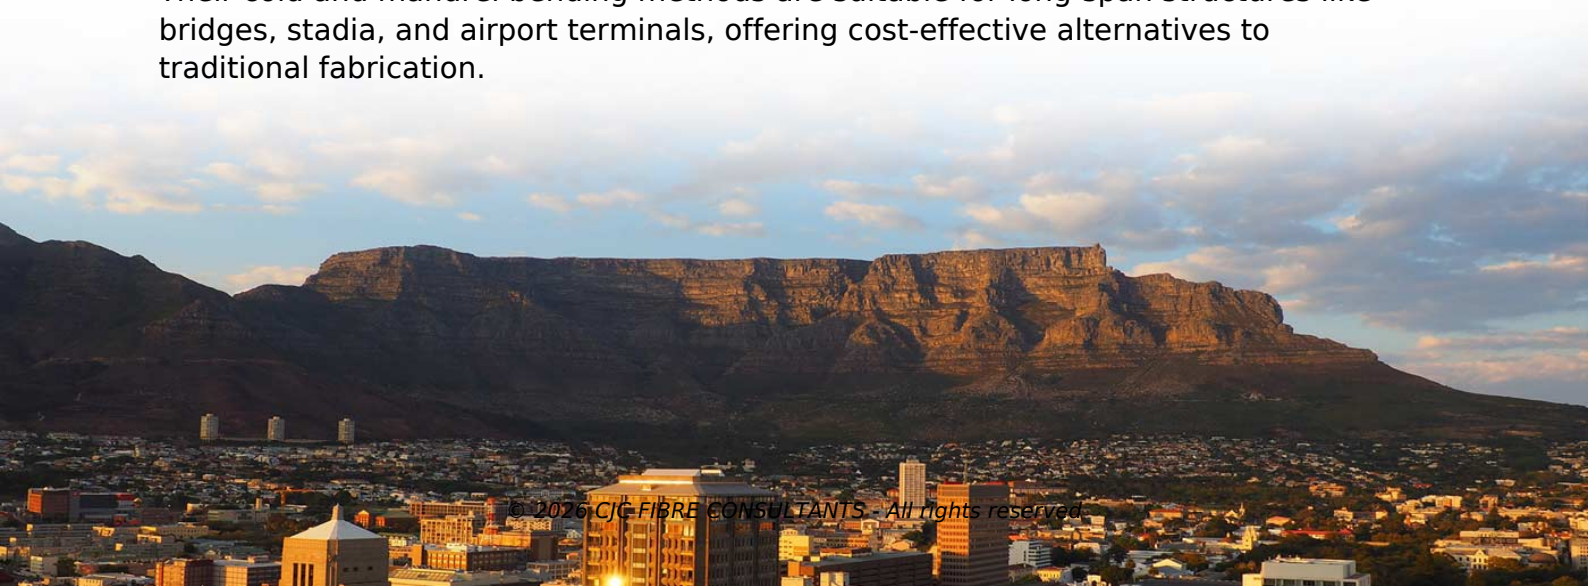

Key Takeaways

Bridge bends and pre-bent steel components for Tuvalu can be sourced from specialized suppliers like Nascent Fittings Inc, Barnshaws, and FERROBEND.

Key Manufacturers and Suppliers

Nascent Fittings Inc is a leading manufacturer and exporter of 2. 5D pipe bends, widely used in industries such as shipbuilding, power plants, water treatment, refineries, and petrochemical facilities. They offer bends in carbon steel, stainless steel, and alloy steel, available in various sizes, classes, and schedules, ensuring compatibility with different structural and piping requirements.

Barnshaws Steel Bending provides extensive tube and pipe bending services, capable of handling diameters from 6mm to 1524mm and wall thicknesses up to 100mm. Their cold and mandrel bending methods are suitable for long-span structures like bridges, stadia, and airport terminals, offering cost-effective alternatives to traditional fabrication.

FERROBEN

D supplies a wide range of pipes, tubes, fittings, flanges, valves, and fasteners to Tuvalu. They manufacture both standard and custom-built components, supporting local construction and infrastructure projects with materials that meet international standards.

Additional Considerations

For full bridge projects, CTS Bridges specializes in the design, manufacture, and installation of steel and timber bridges, including pedestrian, cycle, and vehicular access bridges. They offer design-build services and can provide consultation for bridge-specific bending requirements. Profilbau Ltd also offers ready-to-install steel bends, minimizing the need for on-site cutting and bending, which can be advantageous for remote locations like Tuvalu.

These suppliers collectively provide a range of solutions for bridge construction in Tuvalu, from pre-bent steel and pipe components to full bridge design and installation services.
