## Key Takeaways

Wholesale GPON equipment for 800G performance typically ranges from $10,000 to $15,000 per unit depending on performance and supplier.

### Pricing Overview

For high-capacity 800G GPON or fiber-optic solutions, current wholesale pricing varies based on performance and vendor: Option A: 800 Gbps performance at approximately $10,000 USDOption B: 750 Gbps performance at around $12,000 USDOptions C & D: Lower performance (less than 750 Gbps) with costs between $14,000–$15,000 USD These prices reflect factory-direct or bulk purchase rates and are indicative of the cost for enterprise-grade or carrier-grade GPON equipment capable of supporting high-speed broadband networks.

### Supplier and Sourcing Options

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Several manufacturers and distributors offer wholesale GPON equipment suitable for 800G networks: Alibaba and Made-in-China provide a wide range of GPON ONTs and ONUs for bulk purchase, including home and enterprise models with integrated Wi-Fi, multiple Ethernet ports, and VoIP support. Global Sources lists verified manufacturers from China, India, and Korea offering factory prices for GPON ONTs and related equipment. Langzhi China specializes in GPON/EPON OLT, ONU/ONT, and SFP modules compatible with major brands like Huawei and ZTE, offering OEM/ODM services and global shipping.

### Hi-

Optel provides comparative 800G connectivity solutions with detailed performance-to-cost analysis, helping buyers balance budget and network requirements.

### Considerations for Bulk Purchase

When sourcing 800G GPON equipment wholesale, consider: Compatibility: Ensure ONTs/ONUs match your OLT and network architecture. Performance vs. Cost: Higher throughput units may cost more but provide better scalability.

Supplier Reliability: Factory-direct suppliers often offer better pricing and support for OEM/ODM customization. Additional Features: Enterprise-grade ONTs may include VLAN support, advanced QoS, and enhanced security protocols.

### Summary

For 800G-capable GPON equipment, wholesale prices generally start around $10,000 USD for top-performing units, with options up to $15,000 USD depending on throughput and features. Bulk sourcing from manufacturers in China, India, and Korea provides competitive pricing, OEM/ODM flexibility, and global shipping options, making it feasible for large-scale network deployments.
