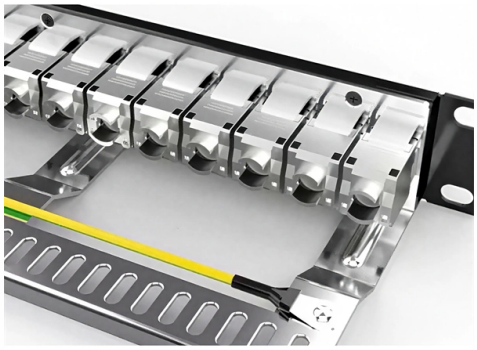
Zambian Imported Fiber Optic Distribution Box 24 Cores



Overview

Find the best Zambia Odf Fiber Optic Terminal Box and explore our extensive collection of high-quality Odf Fiber Optic Terminal Box from Zambia.

Key Takeaways

A 24-core fiber optic distribution box in Zambia is designed for FTTH/FTTX deployment, offering durable, IP65-rated protection for indoor and outdoor installations with SC/LC adapter compatibility.

Key Features

Capacity: Supports up to 24 fiber cores, with some models expandable to 48 cores using additional splicing trays. Material: Constructed from high-quality ABS or PC materials, providing robust mechanical protection, flame retardancy, and long-term durability. Protection: IP65-rated for dustproof and waterproof performance, suitable for harsh outdoor environments, and resistant to vibration, pulling, and impact.

Adapters: Compatible with SC simplex and LC duplex adapters, allowing flexible connection and termination of fiber cables. Mounting Options: Can be wall-mounted or pole-mounted, accommodating both indoor and outdoor network setups. Cable Management: Features flip-up trays and ladder designs for organized splicing and efficient cable routing, simplifying installation and maintenance.

Splitter Support: Can integrate 1: 8 PLC splitters or up to two tube splitters depending on network requirements. ApplicationsFTTH/FTTX Networks: Ideal for last-mile fiber deployment connecting homes or businesses. Data Communication Networks: Suitable for LANs, CATV, and other optical communication systems.

Indoor/

Outdoor Use: Designed for versatile deployment in cabinets, on walls, poles, or aerial installations.

Supplier and Purchase Information

Zambian Suppliers: TradeKey lists multiple suppliers offering wall-mounted and metal fiber optic distribution boxes for wholesale purchase in Zambia. International Options: Companies like CRXCONEC and OTRANS provide high-quality 24-core fiber distribution boxes with RoHS and REACH compliance, suitable for import. Payment and Shipping: Payment options include T/T, L/C, D/P, PayPal, and local currencies; shipping can be arranged via EXW, FOB, CIF, DAP, or DDP.

Summary

A 24-core fiber optic distribution box imported to Zambia provides a reliable, durable, and flexible solution for FTTH/FTTX networks. With IP65 protection, SC/LC adapter compatibility, and versatile mounting options, it ensures secure fiber management and efficient network deployment for both indoor and outdoor applications.
